## HOOVER NAMES LIAISON OFFICER

Newton of Minneapolis Gets Position

Title to be Administrative Assistant

Will Relieve President of Many Details

WASHINGTON, March 15. (AP)—President Hoover completed the circle of his official White House family today with the appointment of Assistant Secretary H. Newton of Minneapolis as administrative assistant with the title of secretary.

Mr. Newton will be the liaison officer between the Chief Executive and the independent federal bureaus and agencies such as the Veterans' Bureau and Shipping Board; will assist generally in the co-ordination of the administrative work of the ten regular departments of the government and will co-operate with the cabinet members in the study and development of a plan for the reorganization of those departments.

This is an entirely new office created by Mr. Hoover for the equal purpose of promoting efficiency in the federal service and removing from his own shoulders the burden of details of administrative affairs in the independent agencies which heretofore have been borne by the President.

**NEWTON FIRST CHOICE**

From his own observations during his years of cabinet membership, the new Chief Executive concluded that it was impracticable for the President to give the attention to the operation of the independent bureaus which their importance warranted. Immediately after his election he decided to create the office of an additional secretary to look after this and other administrative affairs.

From the first choice was Representative Newton, whom he regarded as peculiarly qualified to carry forward the highly important and somewhat delicate task of the new office. As a result of his ten years of service in Congress, Mr. Newton is familiar with many of the problems which will be called upon to solve.

The White House announcement said Mr. Newton will act as administrative assistant to the President "in respect to the independent establishment of the government where the President has the direct responsibility for administration, that is, the administrative bureaus."

With the selection of Mr. Newton, Minneapolis has the distinction of furnishing two of the three secretaries to the President, as George Akerson, who has charge of public relations at the White House, hails from that city, where for years he was engaged in newspaper work.

Mr. Newton, who is 48 years of age, is a native of Minneapolis, and was educated in the public schools of that city, and at the University of Minnesota law school. He first was elected to Congress in 1918 and has been re-elected each succeeding two years.

## ASSEMBLY LEADS IN BILLS

Total of 294 Passed in Legislature, 179 of Them Having Been Approved in Lower House

SACRAMENTO, March 15. (AP)—A total of 294 bills have been passed in the Legislature to date, the Assembly leading with 179. Following are the bills passed today:

**PASSED IN ASSEMBLY**

Assembly Bill No. 85, Jones, the administration budget bill, appropriating \$244,000,000 for support of the state government during the next two fiscal years.

Assembly Bill No. 86, Chapman, reorganizing in California acceptance of a certificate of examination issued by the National Board of Medical Examiners of the United States.

Assembly Bill No. 87, Harper, relating to the State Board of Education, to require teachers' credentials or documents issued by the State Board of Education to be in the form of a certificate.

Senate bills passed by the upper house today are:

Senate Bill No. 215, Allen, House county government bill.

Senate Bill No. 216, Swain, fish and game bill.

Senate Bill No. 426, Rochester, providing for the sale of motor license plates for profit.

**HARDY CASE DEFENSIVE KEPT DARK**

Advance Guard of Legal Aid for Accused Jurist Arrives at Capital

SACRAMENTO, March 15. (AP)—The vanguard of legal talent to handle the defense of Superior Judge Hardy, whose impeachment case opens before the Senate Monday, arrived at the capital today.

Hardy, Los Angeles attorney and son of the accused jurist, and ex-Senator Carr of Oakland conferred with Lieut.-Gov. Carnahan regarding the procedure that is to govern the case.

Judge Hardy is expected to arrive in Sacramento Sunday with his attorneys. They declared they will issue a statement later on this point and regarding the steps the defense counsel plan to take.

Three attorneys named as probably constituting Judge Hardy's legal staff are Joseph Ford and Paul Schenck of Los Angeles and Senator Carr. The latter neither affirmed nor denied today his connection with the case.

While it has been assumed around the capital and by the Assembly board of managers prosecuting the impeachment that Judge Hardy will file a demurrer when he appears Monday, attacking the sufficiency of the five articles of impeachment young Hardy and Carr declared they would not give confirmation.

Members of the board of managers today were working on legal phases of the case on the assumption that a Hardy demurrer will be filed.

## SENTENCING OF CEMENT MEN WAITS

Senate Delays Service of Writs in Contempt Case to Tuesday

SACRAMENTO, March 15. (Exclusive.)—The Senate today deferred until Tuesday arrest of the ten cement company officials for whom warrants charging contempt of the Senate were issued. Senator Inman of Sacramento suggested that certified copies of the resolution, finding the men in contempt, which are self-executing as warrants of arrest, be delivered to Sergeant-at-Arms Nolan of the Senate Tuesday for service.

The men who will be jailed for refusing to answer questions and produce evidence for the special Senate committee investigating rumors of a cement trust are R. B. Henderson, H. T. Battelle, W. H. George, C. G. Wilson, A. B. Shelby of San Francisco, C. C. Merrill, C. A. Low of Los Angeles, John Trepanier of Riverside and E. J. Dugan of Colton.

All of the men have agreed to surrender themselves to the Senate at any time designated by the upper house.

## Teacher Pension Measure Given to Legislature

SACRAMENTO, March 15. (AP)—Federal registration of planes and pilots and enforcement of those provisions by local peace officers in California are provided in a measure introduced in the Assembly today by Assemblyman Emmett of Santa Fe.

The bill has received favorable consideration of the Assembly Committee on Aircraft and Aviation and those who had a hand in drawing it declared they believe it will meet the objections of the administration and aviation interests.

Pilots and representatives of aircraft companies operating in California have appeared before the committee aviation protesting against Assemblyman Neilson's measure proposing that the Motor Vehicle Division be delegated to license and control planes and pilots.

They urged that Federal licensing of crafts and pilots be the only regulatory step taken by the State during the next two years at least and that a study be made of the growth and needs of the business.

## Canoe Journey to Be Long One

WINNIPEG (Man.) March 15. (AP)—Plans for an 8000-mile canoe trip, starting near the Arctic Circle and ending at Havana, Cuba, with his two young children as companions were announced today by Charles Pannaschuk, northern adventurer.

He said he and his children, 8 and 9 years of age, will start their long journey from Chibougamau, Inlet some time this summer. His proposed route will take him through Reindeer Lake, over Lake Winnipeg to Minneapolis, St. Louis, Memphis and New Orleans, and on to Havana.

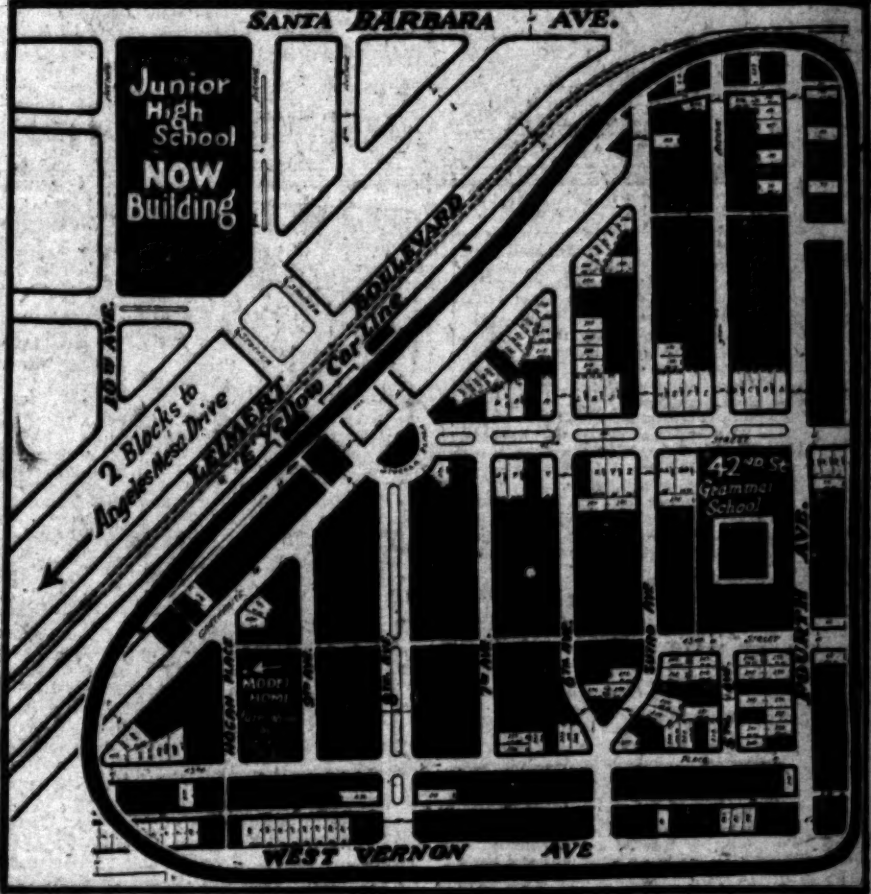

**FREIGHTER AT CANAL PORT AFTER SMASH**

PANAMA, March 15. (AP)—The freighter Hanley, bound from New York for Seattle with a capacity cargo, was tied up at Cristobal today after a collision with the freighter George W. Barnes, from Baltimore to Los Angeles in ballast. The Hanley may have to undergo repairs before resuming her voyage. The Barnes continued through the canal for Los Angeles.

## INDIAN POLICIES TO BE IMPROVED

Secretary Wilbur Prepares to Blaze New Trail

Rehabilitation and Better Dealings Planned

Burke Quits as Bureau Head; Successor Sought

WASHINGTON, March 15. (AP)—The power of the federal government over the Indian soon is to be an entirely new direction. The work has gone out through the Indian Service, the Secretary of the Interior, Harold I. Wilbur, is to lead the way to a new era in the government's dealings with its Indian element.

This new policy is part of a general program of reorganization, which the Secretary's office is studying in the department. It is a program of reorganization, which the Secretary's office is studying in the department. It is a program of reorganization, which the Secretary's office is studying in the department.

Mr. Wilbur is looking for a new chief, the Secretary has said. The new chief will be a man who has had experience as an administrator, and who is a man of the Indian Service. He must be able to lead the Indian to a program of rehabilitation and better dealings with the government.

Mr. Wilbur has today by President's order been relieved of his duties as head of the Indian Service. He is being succeeded by a man who has had experience as an administrator, and who is a man of the Indian Service.

It is generally understood that for the present Commissioner Spry is to remain as head of the Land Office, and that William O. Smith is to remain as director of the Bureau of Reclamation.

It is believed also that Commissioner Scott of the Bureau of Reclamation will remain at the head of the department. The duties of his office will be taken over by another important position.

WASHINGTON, March 15. (AP)—President Hoover announced today that Charles H. Burke, Commissioner of Indian Affairs, had asked to be relieved of his position. He has been relieved of his position, and his duties will be taken over by another important position.

Still it is not known whether the position of Commissioner of Indian Affairs will be filled by a man who has had experience as an administrator, and who is a man of the Indian Service.

Thousands of former soldiers of the Pazo in training all over the world. It is a program of reorganization, which the Secretary's office is studying in the department.

## SHAW FINISHES NEW PLAY

### Latest Work, Entitled "The Apple Cart," Announced as Having Ultra-Modern Political Plot

BY FRANK HAYLAND KING  
LONDON, March 15. (AP)—George Bernard Shaw has written another play, "The Apple Cart." The famous Irish dramatist, sage and philosopher, has peeped into the future and woven an ultra-modern political plot, as unlike "Saint Joan," his last play, as anything can be. That is about all the public will know about "The Apple Cart" until Sir Barry Jackson produces it in his theater festival at Malvern in August.

The mere announcement of a new Shaw play causes renewed search for information about the foremost man of the English theater, who, living in the heart of London, overlooking the sweep of the Thames from Westminster to Charing Cross and St. Paul's, busies himself on large sheets of green paper, writing meticulous elementary short-hand notes. The paper must be green—at first thought a bit of the eccentricity of genius, or perhaps Irish sentimentality. Actually, it is common-sense relief of eye strain.

UNUSUAL FIGURE  
"G. B. S." is one of the great figures of the times, but little is known of Shaw, the man, who, however, is a quiet, pleasant, unassuming, quiet home life; maintains a multiplicity of interests; keeps up to the chin in affairs of the day; does tremendous literary work, and shows no sign of quitting.

Shaw at 72 years of age, healthy, vigorous, enthusiastic, sticks to London and reveals in life, King George, nearly ten years his junior, has nearly escaped death's door. Other public men, all younger, see England's treacherous climate at this time of year. Shaw works away on a vegetarian and fruit diet, is rarely ill, and laughs at men who insist meat and alcohol are necessary for sustained mental effort.

Busy, foggy London holds him as it has for the last 50 years. He has farmed forth from Dublin. More plays and more books to write, more vivid opinions to express, more causes to advocate. Rich enough to live away from the city in a villa in the South of France. Shaw keeps faith with his creed of intense work, equally intense fun, plain living and high thinking.

VAST OUTPUT  
The years slip by. The red beard of youth, now white now, lends a venerable, even patriarchal, appearance to the famous Mephistophelian countenance, but Shaw doesn't desert his muse. The new play brings his dramatic work to nearly forty in forty years—a many as Shakespeare himself—not to mention half a dozen forgotten novels, and not forgetting his work on government, politics, criticism, dramatic reviews, prefaces, political propaganda and translations.

NATURALLY SHY  
The human Shaw, the kindly, sympathetic soul who adopts the pose of a literary tyrant to hide natural shyness and modesty, is an unfamiliar figure, even in England. Nor is much known of the religious Shaw, the homesy Shaw or the generous Shaw.

MASKED FROM WORLD  
The real Shaw is masked from the world in many ways. The line in the British "Who's Who," giving Shaw's recreation as "anything but sport," is a characteristic Shavian trait. Shaw may detest commercialized sports, but he doesn't disapprove of athletics and athletes. Few men have taken better care of their bodies. He steps down the stairs as a 60-year-old man, but his tall, spare frame straight as a rifle barrel, head erect, shoulders back, eyes bright and skin as clear as a crystal. Regular exercise always has been a part of his life. Each summer he goes to Italy and swims like a youngster. Even now he meets him early in the morning striding along Pall Mall on the way to his club for a cold plunge.

## HOOVER TO BRING BACK OLD CUSTOM

### New President Will Send Messages to Congress Through Messenger

WASHINGTON, March 15. (AP)—Unlike the three chief executives who preceded him, President Hoover will send his first message to Congress by messenger for reading by the clerk at separate sessions of the House and Senate.

The custom of addressing Congress in person, initiated by George Washington, was revived after more than a century by Woodrow Wilson, who delivered all of his messages in person until illness made it necessary for him to keep to the White House. President Harding followed the example of his predecessor and President Coolidge went to Capitol Hill to read his first annual message at a joint session of the House and Senate December 6, 1923. He soon discontinued the practice, however, reverting to the time-honored custom of using a messenger to convey copies of his addresses to Congress.

## ESPEE MAY HOLD FERRY DOMINANCE

### Railroad to Have Stock Plurality in Proposed Merger, Board Learns

SAN FRANCISCO, March 15. (AP)—Disclosure that the Southern Pacific Company will hold a stock plurality in the proposed consolidation of vehicular ferries in San Francisco Bay marked the close today of the hearing before the State Railroad Commission of the Southern Pacific-Golden Gate Ferry, Ltd., application to issue stocks and bonds and merge their properties.

In answer to a question by Examiner W. C. Fankhauser, James D. Adams, member of the railroad commission, replied that control will be vested in the Southern Pacific and Golden Gate companies with the former controlling 210,000 shares of the 419,000 shares of the common stock to be issued.

On the promise of E. H. Maggard, president of the Northwestern Pacific Company, the third company included in the proposed merger, that Marin county residents will not suffer a diminution of service from the new companies, Walter H. Robinson, attorney for a Marin county booster organization, announced that they will not oppose the merger in any manner.

## Candidates Hold Rally at Rome

### ROME, March 15. (AP)—Rome's fifty-two candidates for the all-Italian Chamber of Deputies, which is to be elected the 24th inst., held an electoral rally this evening. ## BUZZELL CASE PROGRAM SET

### Action in Badham Charges Due Next Wednesday

Assembly Committee Pushes Search for Evidence

Legislator Drives Statement Hitting Union Lobbyist

SACRAMENTO, March 15. (Exclusive)—Action by the Assembly on the asserted interference practiced by W. Buzzell, secretary of the Los Angeles Central Labor Council, upon Assemblyman Badham of Los Angeles can be expected next Wednesday. This was learned today while the unofficial committee engaged in a preliminary investigation pursued its search for evidence.

Mr. Badham today wrote out a statement setting forth the conversation of last Tuesday with Buzzell, when the union lobbyist is asserted to have approached him and said that if the legislator voted for two union bills he (Buzzell) would take action to have the legislator case against Badham, now pending in the Los Angeles Municipal Court.

## OFFICIAL'S SUGGESTION

### In Badham's statement it was brought out that a high county official of Los Angeles who was conversing with the lobbyist, conversation, but took part in it and suggested to Badham that this was the way for him to "settle the case."

The committee, composed of Assemblymen Anderson of Redding, Scofield of Huntington Park and Keaton of Long Beach, today was informed of another person, whom Buzzell is asserted to have contacted his offer to Mr. Badham. Yesterday the committee took the statement of Walter Fawcett, who declared Buzzell related to him how he had approached Badham with a definite offer to have the election case dismissed in return for his vote.

TELEGRAM SOUGHT  
The committee also wishes to obtain a telegram sent to Los Angeles by Buzzell, which preceded the arrival of a warrant for Badham's arrest on the old charge of having failed to file his campaign expenses until three days after the legal time limit had expired.

## CABINET TO JOIN SENATE BROADCAST

### Members Will Be Heard Over National Network on Friday Nights

WASHINGTON, March 15. (Exclusive)—Plans were completed today by the National Broadcasting Company and the Senate Broadcast Committee for the inclusion of members of the Cabinet of President Hoover in the series of programs "Half Hours with the Senate," which are broadcast each Friday night at 10:30 o'clock over a coast-to-coast network of the National Broadcasting Company.

Russell M. Arundel, executive secretary of the Senate Broadcast Committee, who is in charge of these programs, announced that the Cabinet members will appear on the programs as "guest speakers" and in company with members of the Senate.

James J. Davis, Secretary of Labor, will be the first member to be heard. He will go on the air Friday night, the 22nd inst., at 10:30. The other speaker on this evening will be Senator William H. King of Utah.

## Ninth Session of Legislature in Arizona Ends

### PHOENIX, March 15. (AP)—With President Harry W. Hill casting the deciding vote to break a tie on the floor, the Senate late this afternoon adopted a conference committee report on the general appropriation bill and brought to an end the ninth regular session of the Arizona Legislature. The sine die adjournment of both houses was announced shortly after 4 o'clock when members immediately starting for their homes.

The committee agreement on the appropriations bill was a victory for the Senate in its struggle to increase the funds for the State university, but only a partial victory for the legislature which had sought \$419,000 more than the amount carried in the measure.

## ENOCH ARDEN STORY GAINS ANNULMENT

### SAN FRANCISCO, March 15. (Exclusive)—Mrs. Ora Jordan told Superior Judge Conlan today that when she read in a magazine a story about a woman who was a cook's and waiters' employment agency that William Wagner had died at El Centro, she thought she was wider. The Wagner story in the article fitted in every particular her estranged husband, she said. But some time later, after she had married Joseph Jordan, she discovered that it was an entirely different Wagner that had died and her own husband had played Enoch Arden in modern life. Judge Conlan granted the annulment.

## CANAL PROJECT GETS ATTENTION

### Federal and Valley Groups Confer at Denver

Preliminary Surveys Chief Discussion Topic

Cost of Waterway Placed at About \$38,000,000

DENVER, March 15. (AP)—First actual consideration of the work on the all-American canal in the Imperial Valley began today when Dr. Mead, Chief Engineer Raymond F. Walter and Chief Counsel P. W. Dent of the United States Reclamation Service, conferred with Attorney Charles L. Childers and Engineer M. J. Dowd, representing the Imperial Valley Irrigation District, on the matter of preliminary surveys for the canal.

It was stated the canal will cost about \$38,000,000 and will be paid for entirely by the Imperial Valley Irrigation District. The first consideration is the framing of a legal contract with the irrigation district to insure payment of preliminary costs. Dr. Mead indicated that as soon as the contract is confirmed he will put engineers at work making surveys and framing plans.

The conference of reclamation service engineers was informed the canal will be about fifty miles long, 200 feet wide and ten feet deep. Spots that require it probably will be conceded. It was said unofficially that since the Imperial Valley Irrigation District is responsible for all costs, it is not expected

## BLOODLESS OPERATION ERA NEAR, ELECTRIC NEEDLE PIONEER SAYS

### GENEVA, March 15. (Exclusive)—Bloodless operations may form the basis of surgery in the future, according to Dr. Karl Hutter, surgeon at the University of Vienna, who today announced he has carried on successfully a series of important experiments whereby body incisions may be made without drawing blood.

Dr. Hutter's method is electro-diathermy, and though his experiments thus far consist mainly in removing growths from human skin, without pain or loss of blood, he believes the method soon can be developed into performing major operations with little or no loss of blood, doing away with the necessity of anesthetics.

For the surgeon's knife Dr. Hutter substitutes operating with the electrode. This is a pointed needle with a metal head, through which electrical waves are sent, penetrating the skin's tissue. A second and inactive electrode is formed by a lead plate fastened to the arm or leg of the patient.

In operating the electro-needle used by Dr. Hutter remains cold, despite the electric current, unlike the old electric method which burned and carbonized.

there will be any great delay in starting the engineering work for the project. The contract will be framed by Childers and Dent.

## RUM RUNNER QUADRA HAS IGNOMINIOUS END

### SAN FRANCISCO, March 15. (AP)—A cargo of liquor off the California coast in 1928, came to an ignominious end today. The former smuggling vessel was sold for \$125 to an Oakland wrecking firm at the Federal Building here. The Quadra is to be broken up and sold for junk.

UTILITY CHANGES HANDS  
TEMPE (Ariz.) March 15. (AP)—Operation of the Tempe gas and electric service was taken over today by the Central Arizona Light and Power Company under a certificate of convenience and necessity granted by the State Corporation Commission. It is understood the consideration paid for the utility was \$120,000.

## ROOT ARGUES FOR MINORITY

### Defends World Court Rule of Dismissing Opinion

Practice Retained Despite French Objection

American-Adherence Report Expected Monday

GENEVA, March 15. (AP)—After energetic defense by Elihu Root of the practice of the World Court of Justice in allowing its judges to give dissenting opinion, the international jurists meeting here to revise statutes of the World Court decided today to continue this custom, which French jurists thought should be abandoned.

Mr. Root declared that it is not wise in international law to force judges to bottle up their real views on questions which in the interest of progress and real enlightenment should be published. Dissenting views may be given in cases involving advisory opinions requested by the League Council or in disputes actually submitted to the court for settlement.

## KNABE

### MIGNONETTE GRAND

Mother's friends are over for bridge. Critically, appraisingly, their eyes stray about the room. Nice chairs, a nice divan, but what a clumsy, old-fashioned piano! Not a word spoken, yet here and there a keen observer might detect a meaning look, the trace of an amused smile. Don't let an out-of-date instrument hint that you can't keep up with the times. We'll take your old piano in trade for a dainty, new Knabe Mignonette Grand, only 5'3" in size.

Knabe is the piano chosen by the most exacting group of musical connoisseurs in the world, the Metropolitan Opera Company. In the Mignonette Grand the Knabe is particularly handsome... it will make your living room more charming than ever. Come and hear its rich tone, \$1475. \$1975 for the Louis XV model. With the Ampico, the supreme reproducing instrument, the Knabe is \$3050 and up.

## Only a small amount down

Two years and a half to dispose of the balance. A generous allowance made for your old piano, no matter what its make. Knabe is the Official Piano of the Metropolitan Opera Company. \$975 up.

## GRETA GARBO BACK TO M.G.M.

Lina Basquette Will Star for Universal in Talker; Mollie O'Day and Sally O'Neill Will Costar; R.K.O. Signs Bebe Daniels for Stardom

BY GRACE KINGSLEY  
Greta Garbo has apparently decided to stick along and give the old U.S.A. another chance. At any rate, the Metro-Goldwyn-Mayer luminary is on her way back to this country following a several weeks' stay in Europe, according to word just received.  
Speculation has been rife as to whether Miss Garbo would give up her film career, following her announcements that she would wed a certain European Prince and that she was planning to retire from the screen.  
Now word is definitely to the effect that Miss Garbo is en route from Sweden to New York City, at which latter place she will arrive Wednesday. She will not, however, return to Hollywood, however, but will remain in New York for several weeks to witness new plays, and to study voice culture and English.  
Naturally the language question entered into her professional relations with the G.M.M. due to her immense popularity there was no idea at any time of M.G.M.'s desiring to break her contract. It has still several years to run.  
"Tiger Skin," by Elton S. Glyn, as heretofore announced, has been purchased as a vehicle for Miss Garbo, and will probably be her first picture produced on her return.

### LINA BASQUETTE TO STAR AT UNIVERSAL

Signing a starring contract with Universal, with the possibility of entering into a long-term agreement later on, is the new star, Lina Basquette. She has accomplished four of the picture houses under the management of Fanchon and Marco.  
The picture in which Miss Basquette will star is an underworld story called "Criminals," which will be a Jewel production. Ray Taylor is to direct.  
Reed Howes has been signed as leading man, and the remainder of the cast is being rapidly assembled. Miss Basquette began her career at Universal as a baby star of the age of 5. Later she was trained as a dancer by that noted dancing teacher, Ernest Belcher, her stepfather, and her stage career culminated in two brilliantly successful seasons as a Flo Ziegfeld luminary.

### SALLY O'NEILL

Sally O'Neill is to go on the stage here in a production shortly to be staged. And the sisters are to be starred by Tiffany-Stahl in a picture in which they will play sisters. Sally, you remember, was scheduled to appear in a circus picture for Tiffany-Stahl, but the one just mentioned is to replace that.  
Bebe Daniels with R.K.O.  
Bebe Daniels has just signed with R.K.O. for four pictures, according to word received from the studios of that organization.  
The pictures will all be talkers, and Miss Daniels will play the lead in the first picture.  
The actress was for several years a Paramount star, and was considered one of their strongest attractions. She left the organization a few months ago, and at one time it was announced that she would quit the screen, since she is engaged to wed Ben Lyon.

### NORMAN KERRY

Norman Kerry in Vanderville might as well be on the stage as in talking pictures so long as one must use one's voice, and he will go out on the Orpheum circuit just as soon as he has finished his role in "Hearts in Dixie" with Warner Brothers. He expects to leave about May 1.  
The sketch in which Kerry will headline is called "What Price Whoopee." It is described as a fast moving comedy and its name implies, F. M. Smyly is the author.

### ARMAND KALIZ

Looking about for somebody to play the role of Monte Solari, the Italian opera singer, in their talker "Twin Beds," First National officials felt when they met Armand Kaliz that they needed search no further.  
There for he signed Kaliz yesterday to play the role in the feature.  
This will be the first time that Kaliz has had an opportunity to make use of his excellent singing voice, which was trained at the Conservatory of Music in Paris, and which has been heard both in grand and

Goldwyn-Mayer, and which Elmer Clifton is directing. The latter picture not only is a color subject, but also a talker.

Florence Eldridge With Lasky  
It looks as though Florence Eldridge, who made such a pleasing impression on theatergoers when she played opposite Edward Everett Horton in "Her Cardboard Lover," is not to have an idle moment now that she has entered talking pictures.

Miss Eldridge has just signed for a featured role in the Paramount talking picture production of "The Constant Wife," which stars Ruth Chatterton and has Robert Milton directing.

The actress lately completed a leading role in Paramount's "The Studio Murder Mystery."

Burma produced 360,000 tons of teak last year.

VARIETY OF MUSIC OFFERED AUDIENCE

Combination Cello, Soprano and Tenor Program Presented by Talented Musicians

BY ISABEL MORSE JONES  
Miss Daisy Jean and Senior Gil Valeriano were presented in joint recital at the Philharmonic Auditorium last night.

Her work is of the miniature type better suited to intimate recital rather than the large auditorium. Her tone is not equal to her musical feeling and she failed to register in certain numbers which would have been better on the violin.

## NEW POLO EVENT PLANNED

Junior Chamber of Commerce Will Sponsor Annual

Tournament in Southland

BY FRANK ROCHE

The Junior Chamber of Commerce tossed its hat into the polo picture

on the west coast yesterday afternoon. At a meeting presided over by

none other than Eric Pedley, the greatest polo player born west of the

Rocky Mountains, it was announced that Junior Chamber will sponsor a

polo program in Southern California which will be international in

scope.

The first step was taken at the

meeting yesterday where it was an-

nounced that a perpetual challenge

trophy will be donated by the

Junior Chamber for an annual

polo tournament in which a rep-

resentative California team will

play an invading polo team.

It was further announced

that the first match will be

staged between Occidental and

California polo teams on Easter

Sunday at the Uplifters' Club, Santa

Monica.

Australia's representation in

the polo club will be made up

of the three Aussie players, Capt.

Ferguson, Frederick Beverage and

Curtis Skene, who came here a

short time back with the Free-

booters to participate in the Pa-

mona polo match.

## OLD "WHITE HOPE"

Big Frank Moran, selected by Commissioner James Woods to be his

chief boxing inspector in this district, has more knowledge of the

game he is required to deal with than any man who has held the job in

this state.

One of the original "white hopes" at the time black Jack Johnson was

ruled the roost, big Frank put in about twelve years as a heavyweight

fighter.

He was at his best over a decade and a half ago.

He fought Johnson in Paris in 1914 with Georges Carpentier referee-

ing. The black man won on points after twenty rounds.

Tom Kennedy, local picture hero, head of the Kennedy Boxing En-

terprises and would-be promoter of a Las Vegas fight between Mickey

Waker and Ace Hudkins, is another who tested the Moran fists in the

old days.

Moran was never noted for his slugging ability and he wasn't a

"baker," either. He quit the game in 1923 well preserved—mentally and

physically.

He's an Irishman who can remember just about as fluently as Tim

McGrath of San Francisco, and that's going some.

## BALLOT ON NEW JAIL PROPOSED

Council Committee Reports on Lincoln Heights Sanitary Conditions Lauded but Crowding Found

### Erection of Building Held to Be Only Remedy

Sanitary conditions at the Lincoln Heights jail, instead of being to the detriment of the prisoners, are such as to merit commendation but because of the crowded conditions the question of a new and adequate City Jail should be put to the voters at the next election, according to the report of the Fire and Police Committee to the City Council yesterday by Chairman Ingram. The report was referred to the Council's Legislative Committee and no opposition expressed toward placing it on the ballot.

#### TEXT OF REPORT

The institution was inspected by your committee, which feels justified in saying that the officers in charge of the institution should be commended for the conditions of cleanliness and sanitation that exist throughout. The quarters of the prisoners, while clean, were extremely overcrowded. The question of bedding and sleeping accommodations is taken care of in a manner commensurate with an institution of this nature.

The beds are furnished with light weight mattresses and warm, heavy blankets, and there seemingly was plenty of bedding to keep spread of the disease. In regard to the epidemic of any nature breaking out, crowded conditions alone would increase the danger of a rapid spread of the disease. In regard to the food, it seemed to be of the standard of an institution of this nature. The food was clean and the unpreparedness of the food of good quality and sound.

#### VOLE REQUESTED

## FILM MEN'S TAX ADVISER FACES TRIAL

Edward H. Hayden Named in Indictment Charging Income Case Fraud

For the second time a true bill charging fraud in connection with the making of income-tax returns was returned yesterday when the Federal grand jury reported to United States District Judge James. The new indictment is against Edward H. Hayden, Hollywood and Los Angeles income-tax adviser. Hayden is accused of assisting in the preparation of false and fraudulent income-tax returns made on behalf of four motion-picture persons. The indictment covers eight-fifty-five pages and goes into the incomes of the persons whose income-tax returns are involved. It is asserted in the indictment that Hayden aided in the preparation of false returns for Fred Niblo, film director; George J. O'Brien, motion-picture actor; Raoul Walsh, director; and Ramon Novarro, actor. The four men were called as witnesses as were several government agents.

## BANK BOARD HAS FINAL MEETING

(Continued from First Page) One of the early presidents of the California Bankers' Association, Mr. Story also has been intimately associated with the history of the bank and of the community. He was one of the early organizers of fruit growers' associations in Southern California, and was for sixteen years the president of the California Fruit Growers Exchange. For twenty-four years he was a director of the Chamber of Commerce. His retirement from the bank board severs his last important business connection.

## Value Placed on Land Sought as Fleet Play Area

Another step toward giving the Pacific Fleet permanent recreation grounds at the harbor was announced yesterday when Assistant City Attorney Keith gave out figures on the appraisal by his department on thirty acres of land. Twenty-seven acres of the land, known as Trons field and now under temporary lease by the Southern Pacific to the fleet, is appraised at \$270,000. A strip of privately owned land totaling three acres, is valued at \$175,000. The proposal is for this city to put up half the funds for the purchase and for the creation of an assessment district in San Pedro to pay for the other half.

## AIR MISHAP CAUSES SUIT FOR \$35,000

Widow Seeks Damages for Death of Salesman in Crash Last Year

A suit for personal damages resulting from an airplane accident was filed yesterday in the United States District Court. The action, filed by Attorney Robert M. Clarke, was brought on behalf of Mrs. Katherine L. Appenfelder, widow of Charles R. Appenfelder, former traveling salesman, who was a resident of Glendale.

The defendant is the Boeing Air Transport, Inc., a Washington State corporation. The complaint recites that Mr. Appenfelder was a passenger on March 17, 1928, on one of the defendant company's airplanes on a trip from Salt Lake City to Cheyenne, Wyo., and that at Federal Wyo., the pilot negligently operated the plane, resulting in a crashing into a pole and a fence. Mr. Appenfelder was injured and died two days later, on March 19. The plaintiff asks \$35,000 damages for the death of her husband.

## Jackson Graves Recovers From Severe Illness

Jackson A. Graves, president of the Farmers and Merchants National Bank, who was critically ill for several days, two weeks ago, will return to his home on Huntington Drive, Alhambra, today, well on the way to complete recovery.

Dr. F. F. Moders of Arrowhead Hot Springs Hotel, who has had Mr. Graves under his care for more than three weeks, announced yesterday that although Mr. Graves still is weak, he is rapidly regaining his strength and has been able to sit up most of each day for several days. Yesterday the banker remained up all day. Mr. and Mrs. Graves will leave the hotel this morning in the family car. Mr. Graves yesterday said he expects to resume work at the bank sometime next week.

## Legs Become Question Mark in Girl's Suit

In order to make her legs beautiful Miss Ethel Gattrell submitted to a plastic surgery operation. Now she is the center of a Douglas Edmonds' court telling a jury how the operation hurt, and showing the jury that it didn't do her any good. Incidentally, she is asking them to award her \$50,000 damages from Dr. Josef Ginsburg, who performed the operation.

Dr. Ginsburg contends that the operation was a success, but that the incisions he made didn't heal properly because Miss Gattrell didn't go to the surgeon he recommended when the defendant became ill, and couldn't complete the cure. He is suing for \$500, on a cross-complaint, part of his bill, which he says still is unpaid. The trial will continue Monday.

## CANADA OPENS POWER INQUIRY

(Continued from First Page) The Seven Sisters' project ever was discussed with government officials until after January, 1928. He also said that there was no collusion or understanding of any kind between the company and the government. He denied that a sum of \$50,000 ever was given to any one political party, but stated that \$3500 was given to the Conservative party, \$500 to the Liberals, and \$3000 to the Bracken group, all contributions being made a long time before the power project came up.

#### JOHNSTON AND MEMBERS

The commission said that the hearing here is not in the nature of a criminal investigation. They asserted they were informed that Mr. Johnston's health requires him to remain in California and the commission made the trip south. The Seven Sisters' Falls, situated on the Winnipeg River, is the largest hydroelectric project in Canada, with a possible development of 230,000 horsepower. The Winnipeg Electric Company was granted a thirty-year franchise on the power facilities, on condition that the government would have first call on the first 20,000 horsepower at \$13.50 a horsepower.

## KRISHNAMURTI IN SOUTHLAND

(Continued from First Page) launched upon another expedition, at the conclusion of which it was remarked that if the supreme happiness is attainable by all, then it must follow that either one can make a stupor out of a man's ear or there are no ears. Krishnamurti laughingly countered.

#### Mike Pupillo Ordered Tried on Gun Charge

Mike Pupillo, asserted Chicago racketeer, was ordered held for trial by Superior Court on two counts of violation of the State gun law yesterday by Municipal Judge Ambrose. Bail was fixed at \$10,000. Pupillo, who is confined in the County Jail awaiting trial for the take-for-a-ride murder of Augie Palumbo, local bootlegger, last July, had two revolvers concealed in his person when he was arrested for the Palumbo murder. Detective Lieutenant James told the court.

Doris Tennant

Co-ed officers of the Women's Co-Operative Association of the University of Southern California for the coming year were chosen in a hotly contested election yesterday. Doris Tennant, chairman of the board, defeated Grace Wright for the presidency.

## WAVES HOLD NO TERRORS FOR WOMEN

Visitors at Honolulu Go on With Dance in Spite of High-Tide Scare

How they danced on at a Waikiki Beach hotel while thousands of Honolulu residents hurried to the hills in fear of an expected 200-foot tidal wave predicted by volcanologists on the night of the 8th inst., was recounted yesterday by Mrs. Helen Armstrong and Mrs. E. L. Shanks, sisters, who returned from the islands aboard the Lascara liner City of Los Angeles.

Remembering folk-lore of the ancient Hawaiians, which told how Waikiki Beach was forever protected from tidal waves or destructive storms by the Menehunes, protective spirits of the island, Mrs. Armstrong said they felt no alarm when Navy patrols sought to clear the beach area before approach of the predicted tidal wave. "Waikiki, you know, has never been visited by a tidal wave and remembering the Menehunes we felt perfectly safe," Mrs. Shanks explained.

Last week's predicted tidal wave, which failed to materialize, was predicted by volcanologists as a result of a subterranean volcanic disturbance following recent eruption of the Kilauea volcano, Kilauea.

## Rites Today for Eagle Rock Man

The last rites for Dr. Robert James Lippold, optometrist, secretary of the Eagle Rock Kiwanis club, will be conducted today at 1:30 p. m. at the First Baptist Church in Eagle Rock, with interment in Inglewood Park Cemetery.

Dr. Lippold died after an illness of six days, at the Research Hospital in Glendale on the 19th inst. He obtained his doctor's degree in California, and had practiced in this State for twenty-four years. His offices were located at 2140 Colorado Boulevard. He was 45 years of age.

## Death Follows Cut on Finger

Victor Legerton, 31 years of age, of Santa Monica, died yesterday morning in the Santa Monica Hospital of pneumonia, caused indirectly when Mr. Legerton cut his finger more than a month ago.

Funeral services will be conducted Monday, next, at 10 a. m. from the chapel of Peck & Chase Company, 1215 South Figueroa street. Interment will be in Grand View mausoleum.

## MOTHER CRUSHED TO DEATH

Daughter Seriously Injured as Runaway Auto Speeds Down Grand-Avenue Hill

Mrs. Elizabeth Ainsworth, 25 years of age, of 325 South Grand avenue, was crushed to death, and her 7-year-old daughter Betty seriously injured late yesterday when a heavy automobile leaped the curb after speeding backwards, out of control, down the Grand-avenue hill, and plowed them against another car standing in a parking lot at 448 South Grand avenue. Elijah Ainsworth, the husband and father, witnessed the tragedy.

## Girl Scouts in Last Event of Winter Meet

Girl Scouts and their parents crowded the ballroom of the Alhambra last night to witness the last event of the winter program under the direction of Mrs. Edith W. Swartz, director.

Following the Scout ceremonies Gabriel Ravennell, director of the Ravennell Players of Hollywood, presented pantomimes. Miss Martha Dean, director of dancing and pageantry at the University of California at Los Angeles, followed with a program of natural dancing presented by a group of university students.

Among the girls who appeared were Lauretta Stockton, Virely Washburn, Isabelle Stewart, Natalie Partell, Mary Blanchard, Virginia Rose, and others. The program was presented by a group of university students.

## PRINCESS UNDERGOES OPERATION

Royal Visitor of Denmark in Encouraging Condition at Glendale Hospital

By a "Times" Staff Correspondent PASADENA, March 15.—Princess Erik of Denmark, wife of a prince of the Danish royal house and a guest here at Hotel Maryland, is reported to be recovering at the Glendale Hospital, Glendale, where she was operated upon today following an attack of acute appendicitis.

Princess Erik, now in Denmark, was notified by cable of his wife's illness, but he will not return to the United States at once so long as her condition remains favorable. Princess Erik's affairs demand his presence in Denmark, where the Princess and their daughter, Countess of Rosenburg, will join him in the late spring.

Until a year ago, when they returned to Denmark, Princess Erik and Princess Erik's daughter, Countess of Rosenburg, were in the United States at Pasadena, where the Princess was interested in raising chickens. Princess Erik became ill late last night, shortly after arriving from Pasadena, Cal., accompanied by her daughter and her parents, Mr. and Mrs. Fred Booth of that city.

Mr. Booth said tonight that his daughter's condition is "very favorable," and that the operation appears to have been successful.

## Three Hurt as Red Line Car and Van Crash

Three persons were injured, one seriously, and several thousand dollars' worth of new furniture was demolished yesterday when a large motor van and an Oakland car of the Pacific Electric line collided at Huntington Drive and Alhambra street.

Robert M. Richard, of 5145 Second avenue, Los Angeles, driver of the van, suffered a fractured hip and possible internal injuries; J. A. Grant, of 1230 South Maryland street, Glendale, a passenger on the car, sustained a broken shoulder blade and a fractured arm.

The accident occurred on August 12, 1928, when the plaintiff rented a horse from the academy, which ran away with her, threw her off and caused injuries which permanently disfigured her face. Miss Smith says she requested a quiet horse and on several occasions threw dishes at her, the wife declared. A decree was granted.

## Summerfield Will Case Set

Trial of the will contest over the estate of Superior Judge John W. Summerfield yesterday was continued by Superior Judge Guerin until the 29th inst. Mrs. Ethel Summerfield, widow, is represented by Attorney Thomas P. White, and a daughter, Catherine, is represented by Attorney Griffith Jones.

Judge Summerfield's will left half his estate to his daughter, Catherine, who is 15 years of age. A later codicil revoked this provision and left the entire estate to his second wife. The daughter meanwhile was placed under the guardianship of her aunt.

## Damage Action Against Riding Academy Opens

Trial of the \$38,300 damage suit brought by Marcell I. Smith, a minor, through her guardian, Edward C. Smith, against the Sky-lark Riding Academy, asserting permanent injuries as a result of being thrown from an unruly horse owned by the defendant, was begun yesterday before Superior Judge Stafford.

The accident, according to the complaint, occurred on August 12, 1928, when the plaintiff rented a horse from the academy, which ran away with her, threw her off and caused injuries which permanently disfigured her face. Miss Smith says she requested a quiet horse and on several occasions threw dishes at her, the wife declared. A decree was granted.

## More Campbell Plunder Moved

Another truckload of plunder was transferred last night to the police property room from the home of Ralph H. Campbell, 1506 Fifth avenue, where he was arrested Wednesday night. The prisoner, who is booked on a charge of suspicion of burglary, persisted in refusal to aid the police in identifying the latest load of stuff taken from the garage at the rear of his home. On Thursday two truckloads were moved by the police to the police property room at Berkeley in 1923 and 1924. He is now in custody.

## East Bay Area Given Boost by 'Tribune' Book

Compliments were being sent to Oakland yesterday following receipt here of the Year Book of Oakland and the East Bay communities published by the Oakland Tribune. The annual publication contains 216 pages and is beautifully illustrated and printed on fine enameled paper in various colors.

Every phase of life and development of Oakland, Alameda, Richmond, Berkeley and other communities in that region is covered by the directory of the northern city, which tells a story of progress and advancement during 1928 and predicts greater things for 1929.

The Year Book's cover bears a painting by Paul A. Schmitt which depicts the skyline of Oakland from the San Francisco Bay and shows the diversity of the northern city's interests and industries with a background in perspective, the artist's conception of the thriving, pulsing metropolis which he envisioned for Oakland.

Industrial development and the strides made by encouraging aviation which resulted in enlargement of the city's airport facilities particularly were stressed in the book while generous space was contributed to the social, educational, civil and religious life of the communities.

IRISH AIRS TO BE PLAYED A melody of Irish airs will honor St. Patrick's Day in the 148th version of the St. Patrick's Day parade, which will be held in the city tomorrow at 4:30 p.m. The program also will include favorites by Nevin and Wagner.

PLUMBER SUES RIVAL AS JAIL INSTIGATOR Declaring he was held in jail for three days at the instance of Fred Gracich, a plumbing contractor, George T. Porter, also in the plumbing business, yesterday filed suit in Superior Court against Gracich for \$10,000 damages.

According to the complaint the defendant, for the purpose of compelling the plaintiff to pay a debt, forced Porter to go to the police station, where Porter says he was detained for three days, beginning December 15, last.

Porter says he was at the time and that Gracich knew it.
